# SafeCover LST Radiator Guards

SafeCover LST radiator guards have been manufactured for over 44 years ensuring a wealth of expert knowledge and experience and also hold all the relevant safety certifications and insurance.

All the radiator guards are built to the highest of specifications and quality.

Radiator Guards and Radiator Covers are made from 1.5mm mild steel giving full protection from the top, front and sides. Because of our unique designs, radiator efficiency is only marginally reduced, making SafeCover Radiator guards one of the most efficient guards available on the market place today.

SafeCover guards are manufactured from 1.5mm zintec sheet / steel. Available with 6mm dia. Holes, 50 x 5 slots, 45 x 6 slots or 8mm x 8mm squares.

**Square Open**

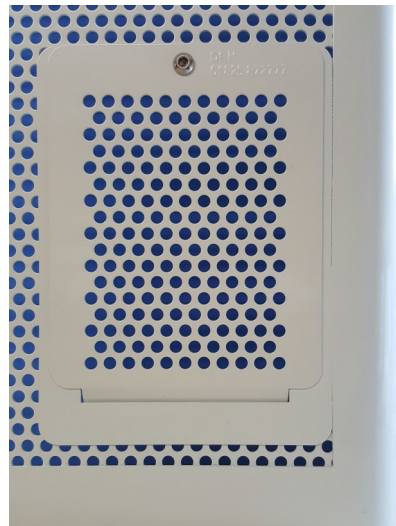

**Slotted Closed**

**Round (Cover Removed)**

**Access Hatch**

Access Hatches for lockshield valves, on – off valves and bleed valves come as an option.

## **SensoHeat Service & Commitment**

At SensoHeat we are proud of our top quality products and are committed to provide the best quality of service to our customers from our highly trained dedicated team.
